+ Influenza - \$44	
<b>Total - \$272</b>	

## **Puppy & Kitten PACKAGES are also available!**

### Payment Options:

- For some treatments or hospitalized care, a deposit is required, and we will notify you of the amount before the pet begins treatment.
- We require full payment at the time that services are rendered. For your convenience, we accept Visa, MasterCard, Discover, American Express, Apple Pay, Care Credit, Scratchpay Loans, Checks and Cash

### Appointment Policy:

- To allow ample time for all patients and scheduled surgical procedures, we operate primarily by appointment. Emergency cases shall always receive top priority, which is why occasional appointment delay is inevitable.
- For convenience drop off appointments are available. Drop off means the client can bring their pet at the time that works best for them and leave him/her with us for a couple of hours. Usually, we will ask them to drop the pet off sometime in the morning so our doctors can examine the patient in between appointments and surgeries.
- Surgeries must be scheduled in advance. Surgery drop off time is between 7 - 8 am. All surgery patients except for exotic pets must not eat past 8 pm the night before their scheduled surgery. Clients need to allow at least 5 minutes during their surgery drop off to fill out paperwork.
- The client must at least call to cancel appointment, boarding reservation, or surgery. If this is not done, and the client fails to show up for their scheduled visit then a fee will be assessed to their account.

### Prescription Policy:

- Please give us at least 1 hour to refill your prescriptions. You can call them in via phone & leave a voicemail on our RX line or email us **at [ask.jennifer@suburbiavet.com](mailto:ask.jennifer@suburbiavet.com)**
- We must have a current heartworm test on all canines in order to refill heartworm medication. Heartworm medicine IS A PRESCRIPTION.
